

What to include in your invitations

We have listed below a few key points of information to add into your invitations:

- The Museum Gardens close to the public at 6pm in the Winter Months and 8pm in the summer months. Please check the time with the York Venues office. This means that we cannot for legal reasons open Marygate entrances again after these times. We can however open them for anyone who is disabled or elderly and unable to walk. We will however have a guard on the Museum Street Entrance to the Museum gardens all night letting your guests in and out so please do let your guests know the entrance/exit after these times in Museum Street only.
- A map of the local area is attached and parking information to help with getting here
- Confetti is allowed but it must be biodegradable
E.g. the traditional rice paper type or dried flower petals
- Please request your guests dietary requirements to ensure Bradshaw's are able to cater for them
